

**“I know a lot of my dreams sound really big to a lot of people. But I’m the type of person who makes things happen. I break down walls and barriers to show there are no limits to what I might achieve.”**

*– Diane, 2009 Marquette graduate and Lad Lake success story*

For more than 100 years, Lad Lake has provided positive living and learning environments for at-risk youth and families in Southeastern Wisconsin, preparing them for responsible living in our communities.
